WORKING WITH NATURE'S POWERFUL PATTERNS

At Amezcua, we know that whole-body health extends beyond the physical. Living and working environments affect our well-being, which is why ensuring that energy is harmonised from the outside in is so important.

Bio Disc 3 was designed by Amezcua's scientific experts using the principles of quantum physics to deliver astounding health benefits. The disc's unique geometric design echoes powerful naturally occurring patterns to magnify the power of water and recreate subtle resonant frequencies that support the body's biofield by regulating and elevating energetic frequencies in the body and environment.
