

# BioSilver

SILVERSOL TECHNOLOGY®

## EVERYDAY PROTECTION FOR THE WHOLE FAMILY

BioSilver 22 Gel utilises scientifically proven and exclusively patented SilverSol Technology®, which **has antibacterial and antiviral properties** that protect you from germs and viruses without drying your skin out. Not only does BioSilver 22 Gel provide thorough gentle and mild sanitising properties for complete hand and body care, it can be adequately and conveniently used to ensure that you are protected and go about your day without worrying about the dangers of your environment.

## HOW DOES IT HELP YOU?

- Contains antibacterial properties
- Promotes gentle and mild sanitising of the skin
- Gel is clear, odourless, nongreasy, contains no alcohol or preservatives, and does not dehydrate the skin
