YOUR BEAUTY IS OUR BELIEF

# LOVE YOUR SKIN... AT ANY AGE.

**From the moment we are born, we start to age. It is a simple fact of life. But it is also a fact that we can – and should – embrace and celebrate it.**

Because with every passing day, we learn more, we experience more, we love more, and we feel more. Growing older is a privilege and it should be a joy.

Yet, **growing** older is not necessarily the same as **looking** older. In the first few decades of life, our skin is full of collagen and has strong elastin production. We look young and fresh because our bodies are young and fresh, since our skin cells are constantly regenerating. As we get older, we lose that natural youthfulness because we've spent our lives exposed to harsh environments and lifestyle factors, and our cells have also stop regenerating and are now simply ageing.

***This is where good skincare comes in.*** Taking care of our skin is two-fold. We must protect our skin from within and from external stressors. A balanced diet, regular exercise, and a quality skincare routine will help to achieve this.

Self-love and self-care is for everyone, at any age. It is never too young or too late to start looking after your skin with a quality skincare routine that promotes 'healthy ageing'.

# UNLOCK THE SECRET TO HEALTHY AGEING WITH **PHYSIO RADIANCE**

**Introducing the Swiss-developed,  
Italian-made skincare routine  
you'll actually enjoy doing.**

Physio Radiance's range of personal care products ensures visible, healthy-ageing results due to its precision blend of interactive ingredients. This exclusive blend was conceptualised in our research laboratory in Switzerland, home to a skincare industry renowned for its expert precision in formulating beauty and personal care products. It was then brought to life in Italy, a country rich with some of the freshest and best skincare ingredients in the world.

This means that each product in the Physio Radiance skincare range is infused with a powerful combination of **Pre & Probiotics** and carefully selected **active ingredients**. This potent combination ensures that your skin microbiome is healed and nourished from deep within, while its surface is protected from the environment.

## PRE & PROBIOTICS

### Action 1: Repair & Fortify

Our **Pre&Probiotics** blend works to create a healthy balance on your skin. This combination heals and reinforces your skin microbiome, allowing it to fight infections and protect itself from damage. This fusion also alleviates the appearance of age spots and fine lines while stimulating your skin, giving you a youthful and radiant glow.

## ACTIVE INGREDIENTS

### Action 2: Restore & Revitalise

Our carefully selected and innovative blend of sophisticated **active ingredients** will help to soften the appearance of existing age spots and fine lines and improve skin hydration and elasticity.

## THE RESULTS?

Your skin is: • RENEWED • RESTORED • ENHANCED

# 6-STEP DAILY RADIANCE

*Physio Radiance's six-step daily skincare routine protects and improves your skin.*
