

# PRO SPARK

STRONGER TEETH,  
BRIGHTER SMILE

# OUR SECRET TO YOUR CONFIDENT SMILE

**A great smile makes an outstanding first impression. That is why proper oral care is needed to keep your teeth strong and your smile bright.**

Our new and improved ProSpark is a unique combination of two powerful antioxidant ingredients – Astaxanthin and ProImmune® Immune Formulation 200®.

The potency of this dynamic duo will help you fight tooth decay and oral inflammation, remove plaque, and prevent cavities, all while amplifying your body's natural glutathione production, the most powerful antioxidant made by our bodies.

Naturally pink in colour (from the Astaxanthin, the most powerful antioxidant found in nature) and bursting with fresh minty goodness, ProSpark targets impurities in your mouth, leaving you with healthier gums, stronger teeth, and a brighter smile.

**ASTAXANTHIN: THE MOST POWERFUL ANTIOXIDANT MADE NATURALLY ON EARTH** A natural anti-inflammatory ingredient found in the microalgae – Haematococcus – on the ocean floor.

**GLUTATHIONE: THE MOST POWERFUL ANTIOXIDANT MADE NATURALLY BY THE BODY** Complete amino acid blend, ProlImmune® Immune Formulation 200, to support the body's production of glutathione.

## **ROCK SALT**

Promotes remineralisation; reduces gum swelling; a whitening polishing agent.

## **PEPPERMINT & MENTHOL**

Curbs bacteria; anti-bacterial; anti-inflammatory; prevents gum infections; gives you minty-fresh breath.

## **SORBITOL**

Protects against tooth decay; a natural taste-enhancer; all-natural, non-cariogenic; isn't metabolised by oral bacteria.

## **DICALCIUM PHOSPHATE**

Replaces fluoride; boosts calcium and phosphorus levels; promotes overall oral health and bone strength.
